SPEAKERS IN DEBATE ON INTERALLIED DEBTS ARE CAREFUL OF LANGUAGE

DISCUSSION IS DISAPPOINTING

Carefully Avoid Anything That Would Embarrass Discussion at Next Week's Conference—Reiterate England's Intention to Settle Her Debt With United States

(By The Associated Press)

LONDON, Aug. 3.—Today's debate in the house of commons on inter-allied debts and German reparations proved disappointing. It had been expecter that the debate would bring out further interesting facts respecting the recent note of the Earl of Balfour on the subject and regarding Great Britain's future policy on the whole subject of international obligations.

It was apparent that Premier Lloyd George, Chancellor of the Exchequer Horne, Herbert H. Asquith, one of the liberal leaders, and other speakers made a studied effort to say nothing which would embarrass open and impartial discussion of the subject at next week's important conference in London between the allied leaders.

During the five hour debate there was constant reiteration of Great Britain's intention to pay her debt to the United States, but no pains were spared o make clearly apparent Great Britain's sacrifices in the war, her generous post-armistice attitude and her staggering burden of taxation

Sir Robert Horne, chancellor of the exchecquer said Great Britain had no intention of sugesting any alteration of her financial obligations to the United States; that the government recognized to the full Grea Briain's obligations to pay the debt and we do not mean in any shape or form to evade that obligation.

Mr. Asquith won mild approbation from one side of the house by declaring that the Balfour note impolitic and inopportune but said he hoped subsequent events would prove the contrary. Laughter greeted his statement that the United States knew Great Britain was dealing in paper figures when she emphasized the enormous expense of Europe's obligations.

Mr. Loyd George devoted the burden of his speech to replying to Mr. Asquith, whose remarks he characterized as unfortunate. Declaring there was an absence of any concrete suggestions of a better formula than had been adopted for the solution of the debts and reprations questions, the premier called attention to Mr. Asquith's desire for a clean slate. He said that was exactly what Lord Balfour's note had advocated.

Not Clean Slate.

"But it is not a clean slate," he added, "when you wipe off every debt due us and when you engrave more deeply upon the slate the debt which is due by us to other people."

The speech resolved itself into a detailed discussion of German reparations, without any reference to Lord Balfour's note beyong a remark that it was needless for the premier to add anything to Sir Robert Horne's able speech.

Mr. Lloyd George emphasized that the reparations commission acting under the treaty of Versailles had the power to revise the amount of reparations from time to time and if the commission granted Germany a moratorium or decided to reduce the amount of the annuities it would be no departure from the treaty.

Mr. Lloyd George agreed that if Germany were pressed too hard she might be driven to despair and whether she threw herself into the hands of the reactionaries or the communists made little difference from the British point of view, but revolutionary Germany in the center of Europe would be a diferent thing from revolutionary Russia.

Therefore it would be a mistake to press Germany beyond her limits of endurance.

The premier deprecated underestimating German's capacity to pay. He said that Germany, like the rest of the world was suffering from a bad trade situation. Therefore this was not the time to estimate her full capacity. The premier concluded by saying that he did not expect next week's conference to settle the situation which was frought with many complexities and complications.

ONE KILLED AND ONE FATALLY INJURED

Green Bay, Wis., Aug. 3.—Fireman William Leonard, of Melford, Wisconsin, was killed, Engineer Frank Knobleock, of Ashland, suffered what are believed to be fatal injuries and four other railroad men were injured slightly in a head-on collision of two Soo Line trains four miles west of here in Wisconsin this afternoon. Fireman Leonard was pinned between the tender and the boiler and died almost instantly.

WESTERN RAILWAYS ADD 15,259 MEN TO THEIR SHOP FORCES

H. E. Byram Comments on President Harding's Proposal

(By The Associated Press)

CHICAGO, Aug. 3—Western railroads with headquarters in Chicago added 15,259 shopmen to their forces between July 25 and August 2, according to a statement issued today by the Western President's committee on public relations of the Association of Railway Executives. On July 25, the statement said Western roads had 44,501 men in their shops and on August 2 the number was 59,760; the daily increase of men returning to work or being hired, the statement said ranged between 1,600 and 2,000 men.

Executives of Western roads returning from the executives' meeting in New York which on Tuesday rejected President Harding's proposal to restore seniority to striking shopmen said that the president's suggestions were impossible of acceptance.

"We were surprised at President Harding's proposition hoping it might been something we could have accepted or worked on, but it was impossible of acceptance, "H. E. Byram, president of the Chicago, Milwaukee & St. Paul road said. "We intend to retain the men we have employed in good faith and they are efficient and capable.

W. J. Jackson, president of the Chicago & Eastern Illinois road said his line was proceeding with the employment of new men and that the action was meeting with the approval of citizens along the line.

TEXTILE WORKERS SIGN NEW CONSTITUTION

(By The Associated Press)

NEW YORK, Aug. 3. — Delegates representing 150,000 organized textile workers in eastern and southern states today signed the constitution of the new formed Federated Textile Unions of America and announced they would direct all effort toward helping New England workers win the strike which has been in progress since last winter.

The new federation was described by delegates as the progressive labor element of the industry. It will have no afiliation with the United Textile Workers which claims a membership of nearly 100,000 and in the recognized branch of the American Federation of Labor but will co-operatee with both organizations in financially supporting the locals now on strike it was stated.

PIE CRUST SAID TO CONTAIN ARSENIC

(By The Associated Press)

NEW YORK, Aug. 3.—Health department chemists announced today that pie crust and pastry taken from the Shelburn restaurant where six persons were fatally poisoned Monday, contained arsenic in such quantities that it literally clogged test tubes used in an analysis of the bake stuff. Many of those who were poisoned, the chemists said, were saved because the large quantity of arsenic acted as its own emetic.

There were no deaths added to the lst today, but two more grls and a man were reported volently ill.

EXPERTS SAY REED WILL BE NOMINEE FOR U. S. SENATOR

Political Writers Believe Long Will Not Overcome Lead

(By The Associated Press)

ST. LOUIS, Mo., Aug. 3—Every factor that political experts base their opinions indicate tonight that Senator James A. Reed has been nominated by the Democrats of Missouri to be their standard bearer in November to succeed himself.

With 222 precincts missing out of 3,848 in the state, Senator Reed was leading Breckenridge Long, former third assistant secretary of state in the Wilson administration by 6,879 votes. The vote in 3,626 precincts stood:

Reed	189,321
Long	182,442

In order to overcome this plurality in the remaining 222 precincts it will be necessary for Mr. Long to lead Senator Reed by almost 31 votes in each precinct. In the last 100 precincts reported from the less densely populated parts of the state, the total number of voters to the precinct has not equalled 31.

Sixty of the 222 missing precincts are located in St. Louis county outside of St. Louis city. In the 16 precincts that have reported from St. Louis county Long had an average lead over Reed of only three to the precinct. In the remaining precincts from outstate reports show that the Democratic vote was light and Mr. Long's only hope to muster enough votes to wipe out the senator's lead would be a heavy vote from the remaining country districts.

Long Will Not Give Up

Despite Reed's lead, Long tonight told The Associated Press that he was still confident of victory and that he believed the official count which begins tomorrow will be favorable to him.

Attention was directed to the fact that several thousand national guardsmen are on strike duty away from home and that this probably would be a factor in increasing the amsentee vote.

R. R. Brewster, Kansas City, supported by the regular Republican organization has won the Republican nomination for the senate. With more than threefourths of the state reported including the complete vote from the city of St. Louis, where William Sacks polled an enormous vote, Mr. Brewster is leading by more than 10,000. The vote in 2,826 precincts gives:

Brewster	74,695
Sacks	64,104

Mr. Sacks ran on a light wines and beer platform. Three progressive candidates polled more than 81,000 votes, but it was split among them as follows:

Jesse W. Barrett, attorney general of St. Louis—32,324.

John C. McKinley, Unionville—24,809.

David M. Proctor, Kansas City—24,530.

Colonel John H. Parker of Jefferson Barracks polled—10,893.

Of four women seeking congressional nominations, Mrs. St. Clair Moss, president of Christian College, Columbia, was the only victor. She defeated two male opponents for the Democratic nomination in the eighth district. Miss Moss the first woman congressional nominee in Missouri is an ardent prohibitionist and has been active in suffrage movements. She will be opposed by Representative Crouch.

VICTIM IDENTIFIES HIS ASSAILANTS

SIOUX CITY, Iowa, August 3—C. B. Whitney of Lansing, Ia., positively identified the four striking shopmen on trial in federal court for the alleged violation of Federal Judge Scott's injunction order as the men who attacked him in Marquette, Iowa, the night of July 28. The quartet on trial are Ernest Donohue, Charles Avery, Al Montour and Mart O'Hallearn.

Testimony in their hearing today alleged that as the Milwaukee Railway company attempted to import strikebreakers into its shops at Marquette, the union formed a mob of more than 200 and attacked the strikebreakers. it is alleged that the four strikers on trial were the ringleaders of the mob. There were still a number of witnesses to be heard when a recess was taken this afternoon.

WILL CEASE SERVICE ONE MINUTE TODAY

New York, Aug. 3.—The American Telephone & Telegraph company announced today that every one of its 13,000,000 telephones in the United States and Canada would cease service for one minute at 6:25 P. M., Eastern standard time, tomorrow when the body of Alexander Graham Bell, inventor of the telephone will be lowered into the grave he selected on the crest of Beinn Breagh mountain, Nova Scotia.

PRIORITY ORDERS FOR MOVING FUEL WILL BE ISSUED

New Orders Will Facilitate the Distribution of Coal

(By The Associated Press)

WASHINGTON, Aug. 3.—New priority orders for the transportation of fuel will be issued immediately by the interstate commerce commission Federal Fuel Distributor Spencer announced tonight with the purpose of facilitating the distribution of coal under the administration's emergency program.

"The district committees representing the federal organization in the producing coal fields will be functioning by Monday," Mr. Spencer said. Today's discussions by the committee he declared, were confined to routine matters and no important conclusions were reached.

Efforts to bring government influence to bear upon coal mine operators who have been unwilling to attend the central competitive wage scale joint conference which John L. Lewis, president of the United Mine Worners, has called for Monday at Cleveland, with support of some operators was understood to have been the purpose of the visit here of Samuel Glasgow, general attorney for the union. Mr. Glasgow held a prolonged interview with President Harding being accompanied by Secretary Hoover. Both refused to discuss the purpose of their visit.

Mr. Glasgow was understood to have suggested that Illinois mine owners, who have refused to join the Pittsburgh Vein Operators' association of Ohio and the scattering list of individuals in Ohio, Pennsylvana, Illinos and Indiana, who will meet as employers with the union, might be induced to change their position if President Harding urged it. The Illinois operators will meet Friday to consider their decision on Mr. Lewis' last offer. Most operators belonging to the organizations of employers in the four states named, with the exception of the Pittsburgh Vein association have refused to enter interstate negotiations with the union tho tendering separate district or state conferences to fix wage rates.

OFFIERS GUARD RAILROAD SHOPS AT DES MOINES

Would Prevent Repetition of Wednesday Night's Raid on Workers

(By The Associated Press)

DES MOINES, Iowa, Aug. 3.—More than two score extra city police and deputy sheriffs are on duty at the raildoad shops here tonight to prevent a threatened repetation of last night's raid on the Chicago Great Western shops at which a dozen workers were kidnapped and several seriously injured by strike sympathizers. Governor Kendall today volunteered the services of the Iowa National Guard to Chief of Police Hammond and Sheriff Robb for use in connection with the protection of workers at the railroad shops and for the maintenance of order. The oficials informed the chief executive they were able to handle the situation.

Governor Kendall is said to have told the city officials that participants in last night's raid would be punished to the fullest extent of law.

It is reported that the local authorities asked for use of rifles and ammunition owned by the Iowa National Guard. An inventory of state arms is said to be under way tonight to determine if the state is in position to loan rifles and ammunition to the local authorities.

meeting of the six striking shop-

Chief Hammond addressed a men's union this afternoon and warned the strikers against a repetition of last night's raid. He informed them that a zone area had been established about all the railroad shops here and that uniformed and plain clothes police officers had been instructed to break up all gatherings. He also said he was going to take personal charge of the situation beginning tonight indicating he would establish headquarters near the Great Western shops.

Three of the 12 men kidnaped were found early today wandering on the road south of the city. They had bee ndeprived of their clothing and had been badly beaten. The other workers were let off with a few fist blows and a warning.

HAMS ARE DOWN BETTER GET ONE

Chicago, Aug. 3. — Wholesale prices for ham have gone down 15 to 20 percent in the last 30 days, and hams are relatively cheap compared to other foods, according to Edward Morris, president of Morris Co. He said today that consumers had failed to take advantage of the decrease in cost.

ACTION OF U. S. IS NOT SURPRISING TO FRENCH OFFICIALS

Anticipated Stand of Government on Balfour Note

(By The Associated Press)

PARIS, Aug. 3.— The official announcement of the American treasury department that the note of the Earl of Balfour regarding inter-allied debts would cause no change in the policy of the United States with respect to them caused no surprise in official circles in Paris where the attitude of the United States had been anticipated since the note was published.

Further it has been learned that Lord Balfour's communication probably will have no effect on the detailed reparations plan which Premier Poincare has drawn up or the London meeting next week, the French cabinet today having approved unanimously the premier's proposals and his decision to present it to the British government.

The cabinet's action merely was confirmation of the formal approval of the scheme given at the last meeting, but coming as it did after Premier Poincare and the members of the cabinet had had no opportunity to study Lord Balfour's note, it is interpreted as meaning that the British view concerning debts will not have the effect of preventing M. P. Poincare from exposing his general plan for a settlement of the reparations and debts questions.

Would Reduce Indemnity.

This plan it is generally agreed is to include a reduction in the total German indemnity in return for a proportionate cancellation of French debts to Great Britain priority to France on account of the devastated regions and the proposition of the strictest financial control upon Germany in order to insure payment of the reduced reparations bill and prevent the flight of capital from that country. Coupled with this is the fact that assurances must be given France that the international bangers will be able to arrange a substantial loan to Germany to be largely devoted to reparations payments during the next two or three years.

Observers see the Balfour note more as an opening argument on the general discussion of debts rather than the declaration of a fixed policy especially when it is considered that no change can be expected from the United States. The American declaration was considered to make it clear again that the initiative must come from Europe in the matter of a cancelation of debts and it was pointed out that the excellent effect which was a partial writing off of debts would have not been lost sight of if the American government reconsiders its attitude at some future time.

FIND GUNS AND AMMUNITION ON SHIP

(By The Associated Press)

MANILA, P. I., Aug. 3.—One thousand guns of German and American makes and 23,000 rounds of ammunition were discovered aboard the Steamer President Grant of the Admiral line at Hong Kong, and seized by British authorities there, according to officers of the vessel which arrived here today. The munitions presumably were intended for the armies of southern China, they said.

The ship's officers said the munitions apparently were put aboard at Seattle.

A Sikh watchman and 20 Chinese mess boys of the President Grant were arrested at Hong Kong.

SENATE GRANTS PENSION INCREASE

(By The Associated Press)

WASHINGTON, Apg. 3—The senate today passed with amendments the house bill granting an increase in pensions to the widows, dependent children and parents of veterans of the war with Spain, the Phillippine Insurrection and the Chinese Boxer rebellion.

No increase is given the veterans but for widow and dependent parents of the veterans the new rate of pension will be $20 a month instead of the present $12 and for children the pension will be four dollars a month instead of $2.

UNANIMOUS CONSENT AGREEMENT FOR VOTE ON TARIFF BLOCKED

Senator Lenroot Refuses Until All Important Committee Amendments are Acted Upon—Gooding Would Probe the Interests of Senators and Frank A. Munsey

(By The Associated Press)

WASHINGTON, Aug. 3.—Upsetting plans of Republican and Democratic leaders for a final vote on the administration tariff bill on August 17, Senator Lenroot, Republican, Wisconsin, gave notice today in the senate that there would be no unanimous consent agreement for a final vote at least until all important committee amendments to the measure had been discussed and acted upon.

The senator said he was anxious to limit debate and proposed an arrangement under which, beginning today, discussion would have been confined exclusively to the tariff wit heach senator limited to ten minutes talk on amendments o nthe bill after August 11.

Senator Lodge, Republican leader objected to this and the effort to come to an understanding in the open senate ended.

Subsequently private negotiations looking to at least a curtailment of discussion were reopened and some Republicans were of the opinion that these might lead to results.

The Democratic proposal for a final vote on August 19 and the Republican counter proposition for a vote on August 17 led to a discussion during the first morning hour the senate has had since the tariff bill was taken up. Senator Gooding, chairman of the Republican - Agricultural - Tariff bloc introduced his resolution providing for a committee of five senators to investigate and report to the senate on:

Would Start Probe

"The financial interests of senators in the wool and sheep industry;

"The financial interests of Mr. Frank A. Munsey, in European industries which compete with Amer ican.

"The amount and percentage of his income derived from advertisements placed in his newspapers by the importing department stores which have financed a campaign of defamation against the pending tariff bill and which will profit by the defeat of the bill.

"The number of senators owning or controlling or financially interested in newspapers the amount of revenue obtained by these newspapers from its importing department stores which will benefit financially by the defeat of the pending tariff bill.

"The financial interests of all members of the senate, or their immediate relatives in any American industry or in any property in any community in the United States which may be affected directly or indirectly either by the passage or defeat of any proposed schedule in the pending tariff bill."

The preamble of the resolution recited that charges had been made by the New York Herald, owned by Mr. Munsey, that members of the senate, engaged in the sheep industry had thereby been financially interested in the wool schedule of the tariff bill.

It referred also to the resolution offered last Saturday by Senator Caraway, Democrat, Ark., proposing an investigation of the financial interest, if any, of all senators in tariff scnedules.

Senator Gooding's resolution was referred to the committee on contingent expenses, which on motion of Senator Harrison, Democrat, Mississippi was directed to report on it immediately.

Committee members said a report would be made tomorrow, but indicated the resolution would be modified.

SPRINGFIELD MAN PRESENTS REPORTS

SAN FRANCISCO, Cal., Aug. 3. The report of the special committee calling for the setting up of a national court to handle industrial disputes was the feature today in the national conference of commissioners on uniform state laws. The report was read by the chairman of the committee, J. M. Graham, Springfield, Ill.

The committee urged in the report that nothing be done at this time toward the establishmen of the court as it might embarrass the supreme court of the United States in present consideration of certain actions involving labor disputes.

Numerous expressions by delegates favored the court as necessary to the economic welfare of the country.

LOSES LIFE TRYING TO SAVE TWO GIRLS

Volga, S. D., Aug. 3.—Miss Ruth Norvald, 19, of this city, was drowned in Lake Oakwood, near here today, after making a heroic attempt to save the lives of two girls who were thrown into the lake when their boat overturned. The two girls were rescued by other persons.

PREDICT VICTORY FOR WALTON BY BIG PLURALITY

Indications are Lead Vote Will be Something Over 25,000

(By The Associated Press)

OKLAHOMA, CITY, Ok., Aug 3—Victory by a decisive plurality for Mayor J. C. Walton of Oklahoma City, anti-Ku Klux Klan and Farmer-Labor candidate in the three-cornered race for the Democratic nomination for governor in Oklahoma was assured tonight on unofficial returns from Tuesday's statewide primary.

With only 705 out of the state's 2838 precincts to be heard from Walton had piled up a lead of slightly more than 25,000 votes over his nearest opponent, R. H. Wilson, state superintendent of public instruction who received the backing of the Ku Klux Klan. Returns from the heaviest voting precincts had been tabulated. Both of Walton's opponents have conceded defeat.

Mayor Walton will be opposed in November by John Fields of Oklahoma City, editor of an agricultural paper the Republican nominee.

Fields, who did not even make a campaign, still maintained a 12 to 1 lead over George Healey of Beaver.

The nomination of Mayor Walton in the view of newspapers and political observers, was an overwhelming victory for the Roman Catholics of the state combined with the Farmer-Union Labor element.

INVENTOR WILL BE LAID TO REST TODAY

(By The Associated Press)

SYDNEY, N. S., Aug. 3—Dr. Alexander Graham Bell, whose 75 years of life and service to man kind as an inventor, scientist and benefactor ended yesterday will be laid to rest tomorrow on the summit of Beinn Breagh mountain with a simple, rustic ceremony. The services will take place just before sunset, commencing at 5 o'clock, Atlantic Standard time.

A coffin of rugged hard pine, lined with aeroplane linen and having handles of handforged iron will envelope the body of the kindly old man of genius, and in it he will be laid in a tomb blasted out of solid Cape Breton rock. By Mr. Bell's wish, the coffin was made in the inventor's own work shop and by the laboratory staff which, thru many years, built the structures which he needed in his research and experimental work.

A short funeral service will be conducted at Dr. Bell's house with only members of the immediate household present.

Friends of the dead men will gather at the tomb and join in singing well known hymns. Longfellow's psalm of life, long a favorite with Mr. and Mrs. Bell will be read and Robert Louis Stevenson's requiem sung. These will be followed by the Lord's prayer and the benediction after which the body of Dr. Bell will be laid in the tomb.

BIG LIQUOR RAID IN NORTHWEST

A THOUGHT

And whosoever shall compel thee to go a mile, go with him twain.—Matthew 5:41.

There is no road too long to the man who advances deliberately and without undue haste; there are no honors too distant to the man who prepares himself for them with patience.—La Bruyere.

In Decatur the Y. M. C. A. has 1455 members and soon a campaign is to be put on with the general support of the business interests to increase that number to 2500 or 3000. The Y. M. C. A. organization must have definitely proved its real worth.

In DeWitt county a number of farmers who had disagreed about a hard road route buried their differences and compromised the matter. They were afraid that any further disagreement would lose them the route altogether. Perhaps there is a lesson in this incident for farmers in other counties.

In Moscow the price of a Ford car is nearly 3,000,000 rubles and who can say that the car isn't worth it. We would hate to figure the value of Muscle Shoals in Russian rubles.

No doubt Senator Reed is hoping that the large number of Missouri Republicans said to have voted for him in the recent primary do not forget him in the election next November.

Perhaps the coal men do not realize it but their course this year is adding new interest to the use of oil and alcohol for fuel purposes. Perhaps the year is not far distant when still other fuels will develop and the country will be less dependent upon its coal supply and those who mine and sell it.

MOVIE CENSORSHIP

Will Hays, oficial dry cleaner for the motion picture industry, says the producers are going to attack censorship by eliminating the necessity for it.

This sounds sensible. Seeing will be believing.

Observe that he admits the "necessity."

The theatrical profession has been fighting censorship so long that the earliest records are lost.

Modern boards of censors date from 1642 when the Long Parliament in England suppressed the theater entirely. Chief reason for this, according to the elder Disraeli, was that the members of Parliament had smarted so much under the satirical whips of the dramatists.

This censorship was political, as all forms of censorship tend to become unless they are curbed by the will of the people.

Theatricals eventually had to be permitted again in England, because the politicians could not stand up under the brilliant sarcasm of songs and petitions circulated by stage writers. Most famous of these was the 'Rump Song.' Here's part of it:

Now while you reign, your low petition crave
That we, the king's true subjects and your slaves,
May in our comic mirth and tragic rage
Set up the theater and show the stage—
This shop of truth and fancy, where we vow
Not to act anything you disallow.
We will not dare at your strange votes to jeer
Or personate King Pym with his state-fleer.
Your tragedies more real are express'd;
You murder men in earnest, we in jest.

Actors at that time had the legal status of vagabonds. But the battle between the stage and politicians kept up until the stage won.

Censorship in 1642. The critics are stewing about it now, as they were nearly three centuries ago. People seem to have the same basic troubles and problems, in varying degrees, in one generation as in the next.

BERTON BRALEY'S DAILY POEM

A CAREER

By Berton Braley

TOO long I've been dubbing away at the game
Without any Serious Purpose in View,
My putting's been doubtful, my driving's been lame,
I slice and I hook and I don't follow through.
But now I shall do as a golfer should do,
And study the very best methods of play.
I'll hire a professional's services, too;
I'm taking up golf in a Serious Way!

MY business has had far too much of a claim
On time I have needed for golf, it is true;
So I have quit working for wealth or for fame,
And golf is the trade I shall henceforth pursue.
I've bought fifty clubs that are perfectly new;
They cost me a fortune, but golfers must pay.
I'm thinking, at that, my supply is too few;
I'm taking up golf in a Serious Way!

I'VE hired me a trainer to build up my frame;
I read all the golf books, and there are a slew;
From dawn until dark every day is the same;
I practice in hope that some skill may accrue;
The day my wife left me my game went askew,
And most of my shots in the rough went astray,
But though for a while I was terribly blue,
I'm taking up golf in a Serious Way!

ENVOY

YOU say that the world's in a hullabaloo?
With Great Events happening, day after day?
I haven't the time to discuss it with you,
I'm taking up golf in a Serious Way!

FAMILY ROW PUTS ONE IN HOSPITAL

Roma Cole Severely Beaten With Barrel of Shotgun by Harry Webster—Former is Under Arrest.

Roma Cole of Hooker street is a patient at Passavant hospital suffering from painful wounds about the head and face as the result of an altercation with Harry Webster at the Cole Home about 9:30 o'clock Thursday night.

Cole and Webster are brother-in-laws. Thursday evening, according to the police, Cole had trouble with his wife and it is said beat her up considerably. Webster also a resident of Hooker street, went to the Cole residence after the trouble to take Mrs. Cole to a doctor.

He had some words with Cole and according to the story Cole went and got his shotgun and ordered Webster off the premises. Instead of going Webster took the shotgun away from Cole and struck him over the head several times with the barrel of the gun.

Cole was severely cut, one blow badly damaging his nose and another on the top of the head cutting the scalp badly. He was rushed to Passavant hospital by the police who were called to quell the trouble where he was attended by Dr. H. C. Woltman. It was feared at first that he had received a skull fracture but examination failed to reveal one.

Officers Williams and Blue who were called to the scene arrested Webster and he was locked in the police station. He probably will face a charge of assault with deadly weapon today.

BUSINESS CHANGES MADE THIS MORNING

Charles DeSilva Sells Restaurant to G. M. Spires—Mr. DeSilva Has Leased Douglas Hotel Cafe

Charles DeSilva this (Friday) morning disposed of his restaurant in North West street to George M. Spires. The transfer was made and Mr. Spires took possession at 1:30 o'clock this morning.

Mr. Spires has been a resident of Jacksonville all his life and is well known thruout the city and county. No doubt he will make a success of his new undertaking.

Mr. DeSilva announced that he has leased the Douglas Hotel cafe and will at once begin some improvements. He expects to be open for business either tomorrow or Monday.

STILL DRILLING AT MAHON FARM

Drilling was still in progress on the oil well on the Mahon farm last night. The drill had reached a depth of 300 feet and made a distinct showing of oil. It is probable that announcement of the time the well will be shot will be made today.

A bugle is wanted for the Chamber of Commerce inter-city tour on next Tuesday. The player has been engaged but is temporarily without a bugle, and so will some well wisher of Jacksonville who owns a bugle please call the Chamber of Commerce office?

FRANKLIN MAN HAS BADLY INJURED EYE

Louis Gotschal Had Bad Accident Yesterday While Building Fence.

Louis Gotschal, a farmer two miles south of Franklin received a serious injury to his left eye while putting up a wire fence on his farm. The wire was rolled in a coil and the coil suddenly unrolled, the end of the wire striking Mr. Gotschall in the face. One of the pieces of wire penetrated his right eye. The injured man was taken to Dr. F. H. Metcalf of Franklin, who after examination decided to take the man to an oculist in this city. The local specialist had the man taken to Passavant hospital for observation. It is announced that the injury is quite serious.

DEATHS

Blair.

Mrs. Elizabeth F. Blair passed away at a local hospital Thursday morning. The remains were taken to the Reynolds Mortuary and prepared for burial. Mrs. Blair came to Jacksonville a number of weeks ago from Bloomington. The funeral will be held in that city.

McLin.

Norris McLin, the 5 months old son of Dr. and Mrs. T. C. McLin of Jacksonville State hospital, passed away Wednesday evening at 11:45 o'clock. The little boy had only been sick for the day and his death came as an unexpected shock to his parents.

The body was taken to Fairfield yesterday where the funeral will be held today.

AGED WOMAN FRIGHTENED BY HOSPITAL PATIENT

Mrs. Katherine Magill, who resides with her son on a farm in the Arnold neighborhood, was attacked by a patient from Jacksonville State hospital Thursday morning. As Mrs. Magill is 84 years of age, she was greatly frightened and is still suffering from the shock altho her injuries are not of a permanent kind.

A number of patients from the hospital were at work on the farm when one of them, unnoticed by the attendants, slipped away to the house nearby and asked for a drink. When the man approached Mrs. Magill she made an outcry which attracted the attention of the attendants. The man was soon afterward returned to the hospital.

Mrs. Magill was greatly disturbed by the happening and was brought to Jacksonville by relatives and cared for by Dr. C. E. Black and Dr. W. L. Frank.

G. N. Seymour of Scottsville traveled to the city yesterday.

ADA WARD

Affectionately known as the "little Englishwoman with the big message" first became known to American audiences during the war. She had a wonderful story of her work in France in the early days of the war and told it so dramatically that she completely fired and captivated her hearers. In city after city the coming of Ada Ward was an absolute sensation. Before the war she had earned her place as one of England's foremost lecturers.

Whether as an entertainer amusing her audiences with humorous stories, as a brightly instructive and clever teacher, as a cartoonist or as a lecturer, she never fails to carry with her the sympathy and enthusiasm of her listeners.

Fiery, sincere, eloquent, Ada Ward is one of the greatest surprises as she is one of the most valuable platform finds in recent years. Her lecture "You Americans" is a brilliant epitome of her varied experiences, a delightful and humorous causerie on our ways and customs as they appear to an outsider. It is full of quaint remarks and amusing surprises and is illustrated by clever cartoons.

There are a lot of exceptionally fine numbers on Chautauqua this year. There is none better than Ada Ward. A lot of folks will say she is the best ever. She is one of the three star attractions for Tuesday, Aug. 15. Jessie Rae Taylor, character and unique and original artist appears in the evening and the Nettie Family of musical entertainers will prelude both these talented women. And that day will be Chautauqua's big Joy Day.

ARCH PRESERVER SHOE

Save Your Feet—

Trouble waits for no one, especially foot trouble. It is upon you without warning and remains a long time. Guard against foot troubles NOW, then you are spared long years of suffering and annoyance.

ARCH PRESERVER SHOES are built with one specific purpose in mind—to save feet. And the saved foot means a comfortable foot. This shoe protects the foot where protection is needed—from beneath.

Its broad, long, built-in bridge gently yet firmly supports the arch, evenly distributes the weight and enables the wearer to walk with an erect, graceful carriage.

ARCH PRESERVER SHOE

Of this we are certain, that the genuine Selby Arch Preserver shoe will PREVENT practically all forms of foot trouble. If you feel your feet becoming tired early in the day or unduly tired at night, you should get into a pair of these famous shoes at once. Beware of acquiring a bad pair of feet or broken arches.

READ ON

There is very grave doubt as to whether the foremost surgeons of the world are able to actually CURE this malady after it has become thoroughly established. Therefore, it behooves you to prevent this trouble or to take care of it in the early stages.

MICHIGAN INTERESTED IN SENATORIAL RACE

Three Cornered Republican Race For U. S. Senator Chief Interest in Michigan Primaries—Great Political Battle Anticipated.

DETROIT,—With the certainty that the proposed amendment to the state constitution, requiring all children of school afe to attend the public schools, will not be submitted to the state's voters at the November election, interest in the primary campaigns now center in the three cornered republican race for United States Senator.

The proposed amendment, known as the anti-parochial school measure, was withheld for the election next spring. This measure was expected to vie with the senatorial race for interest thruout the state.

The three candidates seeking the nomination here on Sept. 12 are United States Senator Charles E. Townsend. long a Michigan representative in the upper house at Washington; Congressman Patrick H. Kelly of Lansing, and Major John G. Emery of Grand Rapids, former national commander of the American Legion.

No Democratic aspirant yet has entered the race but the party strongly has urged Former Governor Woodbridge N. Ferris, one of the few democrats in the history of the state to become governor, to take up the fight. The invitation to the former governor was extended some time ago at a convention of the party in Grand Rapids.

The republican senatorial fight will be one of the greatest political battles in the history of the state that saw the birth of he party, in the opinion of Michigan politicians. The ssues are clearly defined but the one most often heard arises from the charges brought against Senator N. Newberry, junior senator from Michigan, with respect to campaign expenditures. Senator Townsend's opponents, particularly Congressman Kelley, are assailing the senator because he championed the cause of Senator Newberry on the floor of the senate.

Senator Townsend is seeking renomination on his senatorial record, that incudes sponsoring of the lakes-to-ocean waterway, a movement he is credited with having instigated.

Major Emery, war veteran and former business man of Grand Rapids, is seeking support among the former service men. He served as head of the American Legion following the death of Commander Galbraith and came into national prominence.

Believing that the eyes of the nation will be on Michigan in September to an extent not approached in any other state this year, politicians in the state are anticipating a memorable political fight for the senatorial toga. Each of the three candidates hopes to go into every county in the state during the campaign.

TALKED WITH GREENE COUNTY FAIR OFFICERS

Dr. R. V. Brokaw and Harold Welch Made Trip to Carrollton Thursday.

Dr. R. V. Brokaw and Harold Welsh were in Carollton yesterday in consultation with President Simpson of the Green County Fair association. The local men were in quest of some suggestions with reference to the Better Babies contest and the general premium entries in connection with the Morgan county fair.

The Better Babies contest promises to be one of the most interesting events of the fair season. About $250 will be given in prizes and this liberal amount makes certain that there will be numerous entries.

Mr. Welsh secured some worth while information from Mr. Simpson with reference to the best manner for compiling entries and other records in connection with fair exhibits.

FRESH FRUIT BROUGHT GREAT DISTANCE NOW

Berries from Far Northwest Now Reach Chicago in Eighty Hours' Time — Refrigerator Trains Travel on Passenger Schedule.

CHICAGGO—Berries picked in the Puget Sound area in the far northwest are served on breakfast tables in Chicago eighty hours later as a result of the inauguration by the Northern Pacific Railway of a special express refrigerator train operating on passenger schedules between the Pacific Northwest and Chicago.

Heretofore these fruits have either been marketed in the immediate neighborhood where they were raised or they have been shipped in single cars by express to eastern markets, it was stated. In the last few years the development of the berry industry has been so rapid in the Northwest that additional markets had to be opened. To meet the emergency the Northern Pacific this spring arranged for special fruit trains, which are now operating daily. Refrigerator cars were designed to travel on the passenger schedules.

The fruit specials are bringing strawberries, cherries, raspberries, blackberries and Loganberries from White Salmon, Yakima, Puyallup and Walla, Wash. calleys, Bashon Island, Puget Sound; and Lewiston, Ida, country.

These trains are iced five times between the Pacific Coast and Chicago and make no other stops.

At present special trainloads of red raspberries are being brought into St. Paul and Minneapolis and Chicago every day by the Northern Pacific.

In the production centers, the berries are rushed by motor truck and interurban street car service to the refrigerator cars on the Northern Pacific tracks every afternoon. The cars are loaded rapidly, iced, and hurried on passenger schedules to Spokane, Wash., where all of them from the several originating points in the Pacific Northwest are united in a special fruit train during the night. In the early hours of the morning the train pulls out of Spokane for the east.

Upon arrival in Chicago the express companies deliver the berries promptly either to the commission and wholesale houses, which have purchased them, or to the Chicago market.

MOLINE CHURCH HAS COURTSHIP PEWS

Action of First M. E. Church Pastor is step in Campaign to Make Churches Recreational Centers.

MOLINE, Ill.—A "courtship pew section" has been set aside in the balcony of the First Methodist church here by the Rev. Jesse T. Dodds, pastor for the benefit of the young people.

This is one step in the campaign now on in Moline to make the churches of the city recreational centers. The gymnasium and social room of this church are to be thrown open every evening for young people. Indoor games and contests as well as formal entertainments are to be encouraged. It will be open to all denominations,

"The church must provide a place for its young people to congregate if it is to hold its place in the community," said Rev. Dodds in making his announcement.

The Second Congregational church has opened a gymnasium and social room, and when the new Sacred Heart church is completed the old building is to be devoted to a recreational home, according to the Rev. J. B. Culemans. The First Congregational the First Baptist and the First Evangelical churches also have provided recreational centers.

COMMUNITY MEETING HELD AT CLARKS CHAPEL

Under the auspices of Morgan county farm bureau a very interesting community meeting was held at Grace Chapel northwest of Jacksonville Thursday night. Harry E. Ogle president and a large company was in attendance. Instrumental music was played by Miss Anna Dinwiddie, and a brief talk on farm topics was made by Austin Patterson followed by a lively discussion.

Four reels of pictures were shown under the direction of County Agent Kendall. The films were: "The Leak Disease of Potatoes," "Gypsy and Brown Tail Moths"; "Camera Hunting," and "Water by Wire."

John Smith of Chapin was in the city yestrday.

Come, See the Western Electric

Dishwasher and Kitchen Table

Another Item of Household Drudgery Eliminated

We have the electric washer, the sweeper, the toaster, and a dozen other labor savers in the home, and now—the dishwasher.

Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwater. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.

Here's How it Operates

First, the lower rack in the dishwasher is filled with plates, saucers and platters. The silverware is also placed in the proper compartments.

The upper rack is then put into the dishwasher, and cups, pitchers, and glasses are placed in it.

When all the dishes are in place a tea kettle or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, is poured into the dishwasher and the lid is closed.

The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.

In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.

In three minutes, the dishes are rinsed and the motor is turned off.

It is only necessary to dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.

The dishwasher cleanses itself, because the same water that rinses the dishes also rinses out the machine.

The dishwashing has taken anly 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwater.

ENGLISH ACTORS WILL PRODUCE PLAYS

LONDON—Dissatisfied with the returns they have received from theatrical producers and managers, a group of English actors have formed a cooperative producing company of their own. They will launch their new venture at one of London's popular playhouses with "She Stoops to Conquer" and other classical comedies. The actors will be their own managers and will finance such plays as seem good to them. A number of prominent actresses probably will be admitted to the enterprise upon equal terms with the men.

SEEK VIOLATORS OF VEHICLE MOTOR LAW

State Department Orders Immediate Prosecution of All Violators of Motor Vehicle Law.

SPRINGFIELD, Ill—Immediate prosecution of violators of the state motor vehicle law has been ordered by Secretary of State Emmerson.

In a letter to the 25 inspectors of the automobile department, the secretary of state requested immediate arrest and prosecution of the following classes of violators:

A person found operating a passenger car without passenger car plates.

A person operating a truck with passenger plates.

A person driving a car as a chauffeur without chauffeur's license.

Dealers operating a car without plates or with only one plate, unless it can be shown to your satisfaction that the other plate has been lost and a duplicate has been applied for.

All other violators of the law are to be given one warning before arrest, and if they do not heed the warning immediate prosecution is to be sought.

The police leniency of the department had led to laxity in respecting the law, Mr. Emmerson said. His letter says:

"Heretofore it has been the policy of this office in the enforcement of the Motor Vehicle Law to be lenient whenever possible. As I have previously advised you, from our July first registration it is evident that a number of motor vehicle owners have taken advantage of this leniency.

"I believe that we have given sufficient publicity and warning to the effect that the law must be observed. Hereafter all flagrant violators of the Motor Vehicle Law should be immediately arrested and prosecuted."

The Dort's Usual Performance

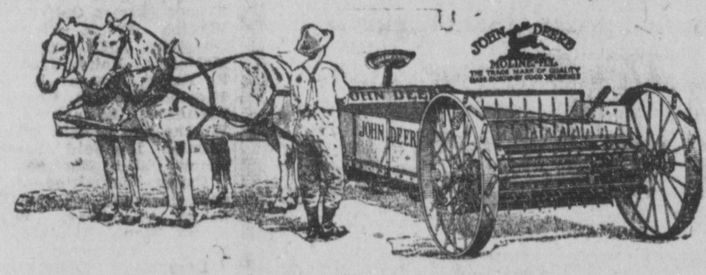

In Brooklyn a Dort stock touring car carrying four passengers maintained an average of 24.1 miles per gallon of gasoline in a 24 hour non-stop run. The car was locked in high gear and ran through the thick of city traffic. Less than one quart of oil was used with the motor running continuously. Over a measured half mile the car showed better than fifty seven miles per hour. At the end of this gruelling run the motor was "as cool as a cucumber" says the wire.

This test, which was under the observation of the automobile editors of all the Brooklyn newspapers, is regarded as a wonderful demonstration of the economy, flexibility and endurance of the Dort four cylinder motor and the staunchness of the Dort chassis.

An equally remarkable record under totally different conditions, was made in California. Running from Fresno to Glacier Point Hotel, 3200 feet above the Yosemite Valley, a distance of 105 miles, constantly up grade, a Dort stock touring fully equipped, carrying two passengers, established an official record for this difficult run. It made the fast time of four hours and fifty eight minutes.

BONUS BILL WILL BE SUBMITTED TO VOTE

State Measure For Veterans Compensation Suggests Bond Issue of $55,000,000.

There is a great deal of local interest in the Illinois War Veterans Compensation act which is to be submitted to the vote of the people Nov. 7th:

The bill, if passed at the next election, would provide a bonus of 50 cents a day to every honorably discharged ex-service man in Illinois for the period he was in service. The money would be raised thru a state bond issue of $55,000,000.

The act provides for payment of compensation of deceased soldiers to their proper heirs, and certain restrictions are made so that none but persons entitled to the bonus may receive benefits.

Provision is also made for the levy of a direct tax for the payment of the bonds and the interest thereon as they shall become due.

The act implies to every person who was "enlisted, induced, warranted, or commissioned, and who served honorably in active duty in the military or naval service of the United States any time between April 6, 1917, and November 11, 1918, and who, at the time of entering the service was a resident of the state of Illinois." The payment in any event shall not exceed $300.

Those ineligible to the bonus include:

"Any person who was dishonorably discharged or discharged without honor.

"Any who, being in military or naval service, refused on conscientious, political or other grounds to subject himself to military discipline or to render unqualified service.

"Who, tho in the service, did civilian work at civilian pay.

"Who has received from another state a bonus or compensation of a like nature.

"For time spent while taking training in any students' army or navy training corps."

MAKE VISIT IN EAST

Mr. and Mrs. Lewis Perbix left for the east recently accompanying Miss Norma, who is soon to take passage for Europe to spend a period in study in Germany and France. Mr. and Mrs. Perbix will spend several weeks in New York and other cities in the east before their return.

Mr. and Mrs. Will Phillips of Clarks Chapel neighborhood were guests yesterday at the home of Mr. and Mrs. Robert Clark at Chapin.

CLUBS AND SOCIETY

Entertained Joyful Six Club

Members of the Joyful Six club met at the home of Misses Vivian and Hazel Carlile Thursday afternoon, on East State street and later enjoyed a picnic supper in the woods east of Jacksonville. Miss Ruth Goheen was a guest of the club. Social meetings are held weekly and the members of the little organization thoroughly enjoy these events.

Woman's Union Held Meeting.

First Baptist church held an all day meeting at the church yesterday. The morning was spent with sewing and the afternoon included the regular business session. Mrs. Earl Richardson had charge of arrangements for the picnic luncheon and was assisted by Mrs. William Spencer and Mrs. E. O. Mayer. Mrs. C. O. Swift was in charge of the program while Mrs. C. O. Mayer presided over the business session.

Brooklyn Aid Society Met With Mrs. Sargent.

Mrs. Schell Sargent was hostess to the members of the Ladies Aid Society of Brooklyn church Thursday afternoon. Mrs. William Jackson and Mrs. C. O. Redding were the assistant hostesses. After the regular business meeting had been held the following program was given:

Song—Society.

Reading—Mrs. J. E. Bossarte.

Reading—Miss Chappell.

Talk by Rev. G. W. Randle on his outing at Old Mission, Michigan. Mr. Randle gave an interesting account of his vacation trip and of the city of Old Mission which was greatly enjoyed.

Following the benediction a social hour was enjoyed and refreshments were served. The next meeting of the society will be held September 14 with Mrs. Curtis of Vandalia Road.

W. C. T. U. Held Picnic at Park.

The Jacksonville W. C. T. U., held a picnic at Nichols Park yesterday afternoon in honor of their President, Mrs. N. A. Brannom, who with Mr. Branom, celebrated the 29th anniversary of their marriage which occurred Aug. 3, 1893, at Raymond, Ill.

Her maiden name was Charlotte Rogers. Her mother, Mrs. Mary Rogers, 89 years of age, was present, and in good health and enjoyed the day. Most of their life was spent in Waverly and Jacksonville and they have made many friends.

Mr. Branom was a well known salesman for eight years at Obermeyer Drug store, one year he had charge of Luly-Davis drug store and is now the faithful custodian or houseman at the K. P., club rooms.

Mrs. Branom for ten years has been identified with the local W. C. T. U, of which she is now president. They have one son, N. Anthony Branom. Anthony was a student in radio under Mr. Wackerle and Mr. Pine and was the first boy from Illinois to enter the radio school at Plattsburg, New York where he was ordered and studied until sent across. He served in France fourteen months ando returned without injury, and is now with Butler Brothers, of Chicago.

Not only the W. C. T. U., but relatives and many friends extended congratulations and wished for them years of family felicity and usefulness in public life.

A great many of the guests remained over to spend the evening with Mr. and Mrs. Branom. Many beautiful presents were received by the guests of honor.

WORK BEGINS ON STURTEVANT HALL

Illinois College Building Damaged By Fire Will Be Completely Restored.

A contract for completion of the rebuilding work at Sturtevant Hall on Illinois College campus has been awarded to S. G. Chumley. The plumbing work is to be done by the Jacksonville Plumbing company. The contracts amount to approximately $9,000.

Mr. Chumley will remodel the east room long used for chapel purposes, as a scientific lecture room. The seats will be arranged in ampitheater style. Some lockers and desks are also to be built in this room. The west half of the building which was formerly in two rooms, has been thrown in to one and will serve when completed as a biological laboratory. This room is also to have some desks and lockers, together with other equipment provided for in the general contract.

Last year the roof was put on Sturtevant building which had been badly damaged by fire and the rooms on the ground floor were put into condition for use. At that time the work of remodeling the second story was postponed until business conditions were more satisfactory. The work under the contracts has already begun and it is the expectation that the day of completion will be before college opens for the fall term.

GROUP OF SPEAKERS AT KIWANIS MEET

Interesting Subjects Presented By Four Thursday Noon—Special Musical Numbers.

Members of the Kiwanis club met for the weekly luncheon at the Peacock Inn Thursday. A somewhat informal program was given during which a number of important subjects were discussed.

G. B. Kendall summed up the extensive preparations that have been made for the Morgan county fair, and Frank J. Heinl told some general facts with reference to the 1922 Jacksonville Chautauqua which is to open next Friday.

B. F. Shafer, principal of the Jacksonville High school recounted some of his experiences in Chicago during the past six weeks. Mr. Shafer has been doing some special work at the Chicago university.

W. A. Berryman, chairman of the inter-city tour committee of the chamber of commerce, told of the splendid conditions of the roads and the preparations that the people of the towns on the tour are making for the Jacksonville visitors.

Members greatly enjoyed several songs sung by Edmond Souvie, of Laurel, Miss. Other guests of the day were James Barnes, Folix Farrell, Jr., Julian Capps, Harry C. Primis and Mr. and Mrs. J. F. Orr.

The attendance prize of the day was won by John M. Rule.

UNUSUAL SUIT AGAINST C. & A.

Non Union Man Who Suffered Indignities at Slater, Mo., Brings Action Against Road for $20,000.

The Bloomington Pantagraph tells about an unusual suit filed against the C. & A. road as the result of the shopmen's strike:

A remarkable sequel to the episode at Slater last month in which Clifford Keil, a non-union mechanic, was seized by a number of unknown men, taken in an automobile some distance in the country and there given a coat of tar and feathers, was a suit filed at Kansas City, Tuesday against the Chicago and Alton, demanding $20,000 damages.

In his allegation, Keil alleges, that when given employment, the company guaranteed him a safe place to work, good treatment and proper protection. Instead of such protection, he avers, his captors eluded the guards who should have been on the job and the attack followed. He thinks that $20,000 is the proper amount to recompense him for his unpleasant experience. It is expected that the company will transfer the responsibility to the state and local authorities, on the ground that troops and deputies were asked for but the request was denied. It is believed that this is the first suit of the kind ever filed.

CHAUTAUQUA SEASON TICKETS NOW READY

Subscribers for season tickets are requested to call at the office of the secretary at The Farmers State Bank and Trust Company as soon as possible and secure their tickets.

If you did not subscribe last year and want season tickets at the lower price, you must get them from some one who subscribed last year.

The number of subscribers' season tickets to be issued is limited and the advance sale is larger than ever.

You'd Do the Same

If your dearest relative or friend should in some way contract lock-jaw, what would you do? Here is what woul dhappen. You would frantically call your doctor whose first thought after diagnosing the case would be, "Has the druggist any anti-lock-jaw serum on hand and in fresh state." Yes, of course he has. Then most of the doctor's worry is over, and in a short time after administering serum the danger point is passed.

Does this little service mean anything to you? We, your druggist, make but little on these serums, yet where would your friend have been without their immediate use.

Does any cut rate store offer you any such protection for your loved ones? Think it over.

Our stock of serums is complete.

Know Value

It requires inside knowledge of a subject or an object to judge its value.

For whiskey there are "tasters."

For art there are conoisseurs.

For jewels there are experts.

For automobiles we have engineers and mechanics.

We don't guess at engine value—We measure it with fine tools.

It requires tools and experience of their use—Coupled with skill and knowledge of the engineer, to produce a motor that will run well and keep sweet.

IMPORTANT NOTICE TO WORLD WAR VETS

Time For Expiring Disability Certificates Will Expire August 9—Red Cross and Legion Will Aid if Needed.

The time for securing certificates of Disability for men disabled in the World War and discharged before August 9th, 1921, expires on August 9, 1922. Such certificate is of primary importance to those men discharged with a disability or who have developed a disability within one year from date of discharge (excepting for tuberculosis or nervous or mental disability, where the time limit has been extended to two years), which is traceable to service but which is not serious enough to be a handicap or is not ten percent in extent. The certificate is a protection to such a man should his disability prove more serious in the future as it will prove his right for compensation and treatment under U. S. Veterans' Bureau.

Application for the certificate of injury is file on compensation form 526 and in the same way as an application for compensation, except that notation "Certificate of Injury" should be made on Form 526.

Men discharged after August 9, 1921, and before February 9, 1922, have a time limit up to February 9, 1923 for filing their application for compensation.

All applications for compensation must be received within five years from from date of discharge unless the man has a certificate of injury, in which case there is no limit on the time within which he may apply for compensation There is no provision for compensation for any person discharged from service after October 12, 1917, who has failed to file his compensation claim within the stipulated five year period and who has not secured a certiifcatc of disability. The time period is beginning to expire for those men discharged during the year 1917, so these men should be urged to file their claims without delay.

All applications for Vocational Training under the U. S. Veterans' Bureau must be received on or before December 16, 1922. The local Red Cross or American Legion will gladly assist any ex-service man who feels that he is entitled to a Certificate of Injury.

"TAKE ALONG A BOOK"

Bridges, Rov. Rogues' Haven. The setting of this story is in a large old house, falling to rack and ruin, its mouldering atmosphere suggestive of mystery, its occupants sinister figures looming from an evil past. There is a smell about the hidden gold about Rogues' Haven and as the secret of the house is unfolded the reader has true thrills and romance. It is well written, absorbing and colorful and the central interest is young John Howe and the strange adventures he goes thru following the revelation of his true identity as grandson of the old man and heir to a large fortune. The frantic struggle for this vast wealth, the mystery of the disappearance of John's parents, the extraordinary revelations of old Craik's past, all go to make up this dashing rolling yarn. It is a novel with no particular purpose, no problem to dissect, but there is delightful vitality to each page and each character is depicted with deftness of delineation and the love thread that runs thru the story gives the reader much entertainment. The house was at one time a peaceful old English mansion surrounded by picturesque landscapes of wonderful beauty—how it became a real rogues' haven furnishes the material for the author to write such an entertaining novel that will delight all his readers. Get it at the public Library.

Curwood, James Oliver. The Country Beyond: a romance of the wilderness. This is the last novel by this famous author and it is a romance that lifts you from the midst of the humdrum cares and worries, and carries you off to the balsam-scented wilderness of the far north, to witness the life struggle of the most amiable rogue you'll find in fiction. It is the story of a girl who had faith in a bad man also the story of an airdale dog that figures in the plot all thru. You will better understand the outdoor man's love for his dog when you read about Jolly Roger's dog named Peter. The author is an outdoors man who loves nature and the vastness of the wilderness, and who loves the thrilling adventures of his novels before he ever begins to put them on paper, so that they ring true. His own life in the open has taught him how to write about subjects upon which he possesses intimate knowledge. James Oliver Curwood has been a hunter, trapper and crack-rifleman in northern Michigan and Canada since he was a boy and has traveled many thousands of miles thru the unpeopled distances of the Canadian wilds and far North. The stories he has written have made him world famous and have sold by millions. His best known are "The Flaming Forest", "The Valley of Silent Men" also "The River's End". Curwood writes with a master hand and weaves tense situations and swift action into his stories. Those who enjoyed his former books will like the latest by this popular author, "The Country Beyond." IN MEMORY OF MABEL WISWELL

We know not what it is, dear,
this sleep so deep and still,
The folded hands, the awful calm,
the cheek so pale and chill;
The lids that will not lift again,
tho we may call and call,
The strange white solitude of
peace that settles over all

But this we know, Our loved and
dead, if they should come
this day;
Should come and ask us, "What
is life?" not one of us could
say
Life is a mystery as deep as ever
death can be;
Yet, oh, how sweet it is to us, this
life we live and see.

There might they say—these vanished ones—and blessed is
the thought.
So death is sweet to us, beloved.
Tho we may tell ye naught;
We may not tell it to the quick—
this mystery of death.
Ye may not tell us, if you would,
the mystery of breath.

Nothing is known. But I believe
that God is overhead.
And as life is to the living, so
death is to the dead.

Mabel Louise, daughter of Mr. and Mrs. Clifford Wiswell, was born July 31st, 1912, and died July 28, 1922, after a very sudden illness.

Dear little Mabel, how we miss her. Only ten short years was she with us, but oh, how much joy and happiness were crowded into that brief space of time. Only ten short years. But they were filled with love and joy. Her happy smiling face and merry chatter were the life of her home and the delight of her play mates among whom she was always the leader. She was loved by all who knew her for her bright, cheerful disposition radiated sunshine where'er she went. Her sojourn with us was brief, but she lingered on earth long enough to leave behind a memory sweet and rare. Just as childhood was budding into youth, ere her life had been darkened by sin's evil snare, she was borne away from us.

Out of a life of commotion,
Tempest swept oft as the ocean,
Dark with the wrecks drifting o'er,
Into a land calm and quiet,
Never a storm cometh nigh it,
Never a wreck on its shore.

Into a joy-land above us
Where there is a Father to love us;
Into our home—Sweet Home.

A FRIEND.

HOG PEN FARMERS' BIGGEST CASH INCOME

The farmers of the corn belt states have received more than a half billion dollars cash during the first six months this year from the sale of fat hogs. From January to July the hog pen is the farmer's biggest income producer. This money pays for farm labor, pays first half of taxes, buys twine for the harvest, pays threshing bills, buys clothing for the family and meets all other pressing bills. For this reason the hog has become not only as a mortgage lifter, but also as the farmers' greatest ready cash producer.

The sale of hogs from the fattening pen is cash. A draft is issued on the day and date the shipment is received at the market. There is no waiting and the money comes direct to the producer. The hog, according to federal report is the surest support. There is no other line of industry on the farm that offers any where near the returns in ready cash. It is a quick turn of money, as the average litter of pure bred hogs can be marketed at from 225 to 250 at from six to eight months after farrowing. The fall litter brings ready cash in the early summer when the farmer is most hard pressed for cash to carry on his work.

The farmer who raises hogs in connection with his other farm activities is seldom forced to seek a short time loan during the spring and early summer to carry him over the sowing and cultivation period. Because of the short feeding period of the average pure bred hog compared to grade and scrub stock, the Federal government is urging all the farmers in the corn belt to turn to pure bred stock as quickly as possible. A recent statement issued by the agricultural department announced that the farmers were loosing over a half billion dollars annually by the use of scrub stock on the farm.

OLD OAKEN BUCKET IS GIVEN SOLAR PLEXUS

Doc Rawlings Says It is Laden With Germs and Dangerous—However, Lots of People Will Continue to Drink From It.

SPRINGFIELD—The "old oaken bucket" too often proves the moss-covered bucket, the germ-laden bucket, the pestilent bucket that won't leave folk well, according to Dr. Isaac D. Rawlings of the Illinois Department of Health. Because of the infection originating in the open country well when it is shallow, poorly constructed and tainted by surface drainage and in other sources of a contaminated water supply, Dr. Rawlings department is taking up the matter of rural sanitation.

"Illinois cities are awakening to the necessity of public water supplies that are not only adequate for fire protection and in industrial needs but that are also adequate and safe for domestic consumption," said Dr. Rawlings.

"Decatur and Jacksonville are notable examples in central Illinois, those cities having recently solved their water problems by the installation of modern plants Litchfield, by an almost unanimous vote will issue bonds for the improvement and modernization of its public water supply. But, while urban life is being safe guarded, how about the health of rural communities.

"Rural sanitation will restore country life to its former enviable position. The Division of Engineering and Sanitation, State Department of Public Health, will devote its section in the Department's exhibit at the coming State Fair, September 16-23, to farm sanitation, pure water on the farm and the sanitary sewage problems of the smaller cities an villages. Models will be on exhibition, and plans will be furnished from which the average man may make his rural home a safe and sane health resort. Here, also, officials of the smaller cities and villages may learn how to cheaply and effectively solve the problem of sewage disposal.

"Farmers came to the exhibit last year in large numbers, seeking literature on these subjects. School teachers came for literature to aid them in teaching health promotion in the schools. Welfare workers came from several cities seking information to enable them to successfully conduct health campaigns in their respective communities. A large amount of literature was distributed among those who came for information. Representatives from other states after observing the exhibit of the Illinois Department of Public Health, pronounced it a marvel in construction and in execution.

SEEK CITIZENS WHO HEARD DEBATE

FREEPORT, Ill.—Efforts are being made to secure the presence here of all residents of this part of Illinois who attended the Lincoln-Douglas debate August 27, 1858. The sixty-fourth annual celebration commemorating the debate will be held here August 26 this year. Five Rockford residents, who heard the debate, have sent word they will attend. Among them is Mrs. Mary Mitchell, who remembers that Douglas was driven in a fine cariage from the station to the hotel, and that Lincoln was taken to his hotel by John Wolf, who drove an old prairie schooner.

ANTIDOTE FOUND FOR CHINCH BUGS

SPRINGFIELD, Ill—The lady bug is a sure antidote for chinch bugs, according to W. P. Flint, state entomologist. A few days ago a report came from Leroy that a corn field near there had been cleared of the chinch bug by use of the lady bug. From a half dozen to a dozen lady bugs were found on each corn stalk, where a few days before the stalks had been black with chinch bugs. The lady bugs had either eaten or driven away the enemy. The lady bugs are of great value, it is said, in fruit raising sections because they eat the tiny insects which destroy fruit and vines. But Mr. Flint says he has never been able to find them in sufficient numbers to control a serious infestation of chinch bugs.

OBSERVATION POST AT GRADE CROSSING

GALESBURG, Ill—An observation post was established at a grade crossing three miles east of Galesburg by officials of the Chicago, Burlington & Quincy rail road here to make a check on the amount of care exercised by persons crossing the tracks. In one day they counted 1,500 automobiles crossing the tracks and only two of these, they said, stopped to look before driving on the right of way. Only two others slackened their speed before crossing the rails. The other 1,496 went ahead at the same speed they had been traveling before they came to the railroad.

BIG SUM PAID ON DECATUR WATER DAM

DECATUR, Ill.—With the payment of an item of $8,031 a total of $788,280.70 has been paid on Decatur mammoth water impounding dam. Engineers told the city council the work was nearly completed. All of the men have been taken off the work and only a few finishing touches remain to be done. The big dam has been in process of construction two years.

The miners decided not to mine any coal this summer. That would produce a shortage this winter and, as a matter of fact, the mine owners and operators were satisfied to have it that way.
Now the President invites them to get together and of course they will. What's the use anyway? It all means that you will have higher priced coal. Now that this is attended to, you may save a few dimes or dollars to help pay for the coal and we're trying to help.

BOY INTERPRETER FOR SCHOOL BOARD

BATTLE CREEK, Mich.—Master of five languages and official interpreter for the Board of Education, Ronald Kuzma, 15 is hailed as Battle Creek's boy prodigy.

Ronald, who came to this city from Poland 11 years ago, for two years has acted for the Board as interpreter of Russian, Macadonian, Croatian and Polish, interpreting these languages for the benefit of public officials and foreign-born of this city.

The youth acquired the major part of his linquistic abilities thru mingling with foreigners speaking these languages, he says. Early in life he resolved to master as many languages as possible and sought as companions boys of these various nationalities. After learning to speak their tongues he sought the more scholarly of their elders and learned to write the languages.

Ronald is in his first year of high school. Within the last year he has made up work in two grades lost because of illness during his childhood.

Despite his aptitude for languages the boy declares he will not become a professional linquist, having decided to specialize in mechanical appliances.

HISTORICAL SOCIETY GETS LINCOLN BENCH

SPRINGFIELD, Ill.—"The Lincoln Bench," a plain wooden affair of crude workmanship, which Lincoln is said to have occupied when telling famous stories, has been presented to the Illinois State Historical society by the estate of the late Clinton L. Conkling.

The bench is six feet two inches long, a little too short for Lincoln at full length. It occupied a place in the old law office of the Clinton L. Conkling of Lincoln's day. The future great president visited Conklin's office frequently for a social hour. It is said he would drop down on the bench, and with his lank form draped about the pine boards, knees in air, would tell stories and recite poetry for the entertainment of the many lawyers and townspeople who came in to enjoy the fun.

JOURNEYMEN PLUMBERS TO MEET IN DECATUR

DECATUR, Ill.—The Illinois Association of Journeymen Plumbers and Steamfitters will meet here next Saturday and Sunday. This is the first time in the 17 years the association has been holding annual conventions, that the state gathering has come to Central Illinois. The meetings have always been held in Chicago or other Northern Illinois towns. Saturday morning and afternoon will be devoted to business sessions and Saturday evening the visitors will be guests of the Decatur local on an automobile tour of the city. A business session will be held Sunday morning.

BOXERS FINISH THEIR TRAINING

MICHIGAN CITY, Ind., August 3—Benny Leonard, world's lightweight champion and Ever Hammer, Chicago's challenger for the title today finished strenuous training in preparation for their ten round no-decision contest to be decided here Saturday. Leonard did no work with the gloves for fear of ripping open the cut over his right eye but Hammer piled into his sparring partners with the desperation of a champion fighting for his title.

Hammer wound up with seven rounds of boxing at top speed and covered about four miles along the beach.

Leonard confined his activities to a five mile run on the beach some shadow boxing and other light exercises. Leonard already is in shape as a result of his match with Lew Tendler a week ago.

RAIN STOPS RACES AT FORT MIAMI

TOLEDO, O., Aug. 3.—The racing at the Grand Circuit track here this afternoon was marred by inclement weather. Only one heat of the feature event, the Elks club stake 2:08 trot, was raced when the rain caused postponement of the balance of the day's card. Four races will be on the program Saturday. MOGRIDGE HELD SOX TO FOUR HITS

Washington Makes Only Six Hits But They Came at Opportune Times—Final Score is 2 to 0

CHICAGO, Aug. 3.—Mogridge held Chicago to four scattered hits and Washington won 2 to 1. Goslin scored Washington's first run in the second inning on his triple and Browers' sacrifice fly and Mogridge counted the other run by hitting the ball into the right field bleachers in the sixth. Both runs were made off Blankenship who was relieved by Hodge after the sixth inning. The score:

TIGERS WIN DOUBLE HEADER

Detroit, Aug. 3.—Detroit won a double header from Boston today 7 to 0 and 7 to 4. Pillette held Boston to two scattered hits in the first game and the Tigers did not allow a Boston runner to pass first base. In this contest Cobb was stopped after hitting safely in sixteen consecutive games.

Boston started the second game by driving Oldham from the mound but Ehmke held the Red Sox in check.

Heilmann hit his seventeenth home run in the second game with one man on. The scores:

NEW LAWS TO PROTECT TELEPHONE COMPANIES

Telephone Companies Seek Relief From Damages Resulting From Erection of Electric Service Wires Near Their Lines.

SPRINGFIELD, Ill.—A new set of laws is being developed and crystalized in Illinois on the question of damages resulting to telephone companies by the erection of electric service wires near their lines.

Recently the matter has come before the Illinois Commerce commission, but has not yet been definitely settled by compromise out of court.

The very rapid growth of electric lines, especially in the rural districts of the state, has made this a serious problem to telephone companies, says Jay G. Mitchell, secretary of the Illinois Telephone association.

The telephone having preceded electricity in the field of public utility, when the electric service companies come into the field they found the telephone wires already strung. This did not present a problem until the electric lines began spreading out along every highway and byway of the state, and then they began to interfere with the telephone communication Mr. Mitchell says.

An electric line clase to a telephone wire is what causes the "noisy" wire, common especially in rural communities, according to Mr. Mitchell. The current will leak from the electric wire and interrupt the flow of the much weaker curent in the telephone wire, he says.

In many cases the telephone companies have been compelled to move their poles in order to get their wires away from an electric line which has been strung near their lines. The custom has been thus far for the electric companies to pay for part of the expense in moving the telephone wires. To just what extent the electric service companies are liable for this alleged damage is yet to be determined by the courts, Mr. Mitchell says.

James Meiklejohn of the Singer Sewing Machine company was in Winchester yesterday to confer with officials relative to supplying the new community high school with machines for the sewing department.

PACE QUICKENS IN TENNIS TOURNEY

CHICAGO, Aug. 3—The pace quickened in the western tennis championship tournament today as the men advanced to the round before the semi-finals and the women progressed to the semi-finals. Walter Westbrook, Michigan, champion, defeated Tom Cochran, a local man 6-1, 6-3 and reached the semi-final bracket and tomorrow will meet either Kirk Reid of Cleveland or A. L. Green of Chicago.

The other stars came thru their matches without exception, John Hennessey, Indianapolis, defeating Harry Vories, Chicago, 6-0, 6-3, and Walter T. Hayes, Chicago winning from George Lott, national junior clay court champion 6-4, 6-4 in the hardest fought match of the day. Ralph Burdick and Fritz Bastian, Indianapolis defeated two teams of local players without difficulty. Hayes and Alex Squier of Chicago, Illinois double champions defeated Ralph Rice and A. R. Kaiser of Chicago, 6-0, 6-1, 0-6, 6-1 and Westbrook and Hennessey and Fulton and Reid of Cleveland also came thru **safely.**

Mrs. H. S. Adams of Indianapolis, the women's title holder was eliminated by Miss Doris Kinsel of Chicago, who won her way to the semi-finals 6-4, 6-2.

Mrs. Ruth Reise, Saginaw, Mich., was eliminated by Miss Jessie Grieve, Los Angeles, but gave the Californian a hard battle.

The score was 3-6. 6-4. 9-7. Miss Florence Jennison, Bay City, Mich., lost to Mrs. R. S. Stewart of Chicago, 6-4, 6-0.

In the first round women's doubles, Miss Marion Leighton and Mrs. Stewart defeated Miss Jennison and Miss Marion Strobel, 9-7, 6-1. These winners won their matches in next round from local women.

FAMOUS PAINTINGS AT CHICAGO INSTITUTE

Work of World Famed Artists Included in Permanent Collections at Chicago Art Institute.

CHICAGO, July 29—The Art Institute of Chicago has on exhibit in its permanent collections two Rembrandts, one Frans Hals, one Rubens, two Van Dycks Millets, and ten Corots. Early American painting of the Revolutionary period is represented by two Benjamin Wests, one Edward Savage, one Gilbert Stuart, and two Copleys; of this representation one painting was acquired last year and one this year.

The Rembrandts are "Harmen Gerritz, van Rijin, Rembrandt's father" and "A Young Girl at an Open Half-door." The painting by Frans Hals is believed to be a portrait of the artist's son, Hermen Hals. The Rubens is a portrait of Ambrogio Spinola. Anthony Van Dyck is represented by a portrait of Helena du Bois and by "The Virgin, Infant Christ, and St. Catherine."

"The paintings by Jean Francois Millet follow: "Bringing Home the New-born Calf"; "Woman Feeding Chickens"; "The Keeper of the Herd"; 'Sunset"; "Little Shepherdess"; "In Auvergne"; "Railsplitter;" and 'Sheep-Shearers." Those by Camille Corot comprise these: "Wounded Eurydice"; "Just Before Sunrise"; "Bathing Nymphs and Child"; Arleux-Palluel, the Bridge of Trysts"; "Les Dunes de Zuycoote"; "Interrupted Reading"; "Orpheus Saluting the Light"; Ville l'Avray" and two simply entitled "Landscape."

WILL LEAVE ON CAMPING TRIP

A number of young men of this city will leave today for a week's outing at Manzanas. Those who will make the trip are: Ralph Willett, Laurence Patterson, Percy Davenport, Howard Strawn and Ivan Centers.

Albert Cox and wife, Mr. and Mrs. Clyde Cox and family expected to start today for an auto trip to Starved Rock, one of the romantic spots in the state.

DRIVING MATCH SLATED FOR SUNDAY

Rules Governing Contest Announced; Keywood Lesson Days Are Scheduled.

The Driving Contest which is to be played at the Nichols Park Golf Course next Sunday has been introduced by Mr. Jack Keywood, the local professional, as a diversion for entertaining a large crowd. The rules of the Contest, which will begin at 9 A. M. Sunday and close at 5 P. M. are as follows:

Each Contestant is allowed to drive five balls, the one making the greatest total distance with all five balls will be declared the winner.

The Fairway which will be marked with rows of flags will constitute the boundary. Each ball must be within the boundary stakes to count. In this way it is not always the longest driver who wins such a contest, as he is apt to have at least one ball outside the boundary stakes and the distance of the other four is all that count in his total.

The Contest will be staged on the Fairway in front of the 6th Tee, and is open to anyone. Already a large number have signified their intention of taking part.

A suitable prize will be provided by the Tournament Committee.

The Greens Committee has made the announcement that owing to the fall improvements which are to begin in a short time, that lessons will hereafter be given on Monday, Wednesday and Friday, so that Mr. Keywood may have the remaining three days for supervision of the work which is to be carried on from now until late in the fall.

Knockouts Earn Jackson a Chance at Harry Wills

HARRY WILLS "TUT" JACKSON

By NEA Service.

NEW YORK, July 29.—Harry Wills, the negro heavyweight, is assigned the job of seeing whether "Tut" Jackson possesses anything more formidable than a surprisng record. Manager Billy Palmer plucked "Tut" from the driver's seat of a Washington Courthouse, Ohio, motor truck about a year ago and has since seen his light-tan protege knock out a flock of husky heavies, including Sam Langford.

Hence the meeting with Wills, which is scheduled for 15 rounds at Ebbetts Field, Brooklyn, on Aug. 8.

Whether 12 months of ring work has been enough to season Jackson for a meeting with the best of the negro heavyweights won't be known until the set with Wills. But certainly "Tut"—which is short for James Johnson Jackson—has displayed willingness to assimilate information rapidly. Since Palmer picked him up after a battle royal in the old home town of Washington Courthouse Jackson has fought 49 times, almost once a week.

Jackson is a little more than six feet, weighs 200 pounds and has an 80-inch reach. He's 25 year old. His record shows an amazing ability to win by knockouts, for he has floored practically every man he went up against including Langford, whom he put to sleep in Dayton, O., last April in the second round.

PRICES ON STOCK MARKET ADVANCE

By Associated Press.

NEW YORK, Aug. 3.—The trend in today's restricted trading on the stock exchange was upward interest centering in the oil shares and a few of the high grade industrials and specialties for which there has been a good investment demand. Wall Street's optiimstic view of the strike situation and the improvement in foreign exchanges were reflected in the strength of opening prices. After overnight orders had been disposed of the market lapsed into pronounced dullness which was relieved during the noon hour by an attack of the short interests. Good support was forthcoming and prices rallied and held steady to the end.

Call money opened and held at 4 per cent. Time money was in fair demand with no change in rates. A better tone prevailed in the foreign exchange market Sterling advanced ¼ of a point and continental bills showed a gain of 4 to 10 points.

German marks made a net recovery of more than a cent, being quoted at 13¾c a hundred when the market closed. Liberty sixes held firm except for the inactive First, Second convertible 4¼s which dropped 7 points. Dealers report that large blocks of Liberty issues are being offered for sale in the coal mining districts indicating a weakening of the striking miners' cash reserves.

Total bond sales (par value) were $13,801,000.

PRICE OF WHEAT AVERAGED LOWER

By Associated Press.

CHICAGO, Aug. 3.—Despite big export buying wheat averaged lower in price today touching a fresh bottom record for the season. Selling pressure from the new crop was heavy. The market closed unsettled at ½c net decline to ½c advance with September $1.05⅜ to $1.05½ and December $1.07⅜ to $1.07½. Corn finished unchanged to ⅜c down, oats lost a shade to ⅜@½c and provisions 2 to 22 cents.

Lowest prices of the day in the wheat market were reached soon after the opening and it was then that the export buying set in. About 1,100,000 bushels were purchased here for shipment to Europe, and 500,000 more at the Atlantic Seaboard. As a result of this stimulus all deliveries of wheat here rallied to above yesterday's closing quotations but the bulge led to increased selling and brought about another setback in values.

Speculative buying appeared to be practically dull.

Corn and oats declined with wheat and as a result of rains southwest that were of benefit to growing corn.

Provisions were weak in the absence of any special demand.

MINE ACCIDENT RECORDS COMPILED

U. S. Bureau Shows More Than Eight Hundred Miners Lost Lives in First Six Months of This Year—Coal Production For Period Not Far Below Normal.

WASHINGTON, D. C., Aug. 3—Accidents at coal mines in the United States during June, the third month of the strike, resulted in the loss of 92 lives, according to reports received by the United States Bureau of Mines from State inspectors. Revised figures covering the present strike period show 78 fatalities in April and 79 in May. The increased number of accidents in June as compared with May was confined largely to the bituminous mines of Pennsylvania and West Virginia. Based upon a production of 22,393,000 tons of coal in June, the fatality rate for the month was 4.11 as compared with 3.89 for May, 4.98 for April of the present year and 4.03 for June 1921.

During the first half of 1922, 829 men have been killed by accidents at coal mines as compared with 1,001 during the first six months last year, a decrease of 172 fatalities or 17 per cent. The output of coal has declined 14 per cent, the fatality rates for the two six-months periods being 4.13 for 1921 and 3.97 for 1922 per millions tons.

Gas and dust explosions continue to be the only conspicuous class of accidents showing a higher rate for 1922 than for the first six months last year. The increase was in explosions caused by shot and by electric car.

No single accident in June killed as many as five men. The record for 1922 to date shows 7 major disasters in which 82 lives have been lost as compared with 3 disasters and a loss of 17 lives during the first half of 1921.

Reports made to the Bureau of Mines during the past nine years (1913-1921) show that an average of 203 men have lost their lives by accidents at coal mines during June. The output of coal has averaged 47,280,000 tons, thus indicating a fatality rate of 4.29 per million tons as representative of the month of June over the 9-year period. The rate for June 1922, while somewhat higher than that for May, was lower than the rate for April, the first month of the strike, and also lower than the average rate for June for the nine years 1913-1921.

THE MODERN MOTHER

faces problems far beyond those of her forbears. She herself must be a much more competent person, combining in one individual the duties of nurse, cook, teacher and moral instructor. It is no wonder that many conscientious women break under the strain, and that others drag out a miserable existence; always tired, and yet unable to take a day's vacation. Such women will find themselves benefited and their burdens made easier by the use of Lydia E. Pinkham's Vegetable Compound, which was made for suffering women, and does not fail to relieve them.—Adv.

The deceased passed away last fall and the remains were interred at that time at Bartlesville, Okla. Mrs. Rawlings and children expect to make Jacksonville their home.

NEARLY DIED ON BIRTHDAY

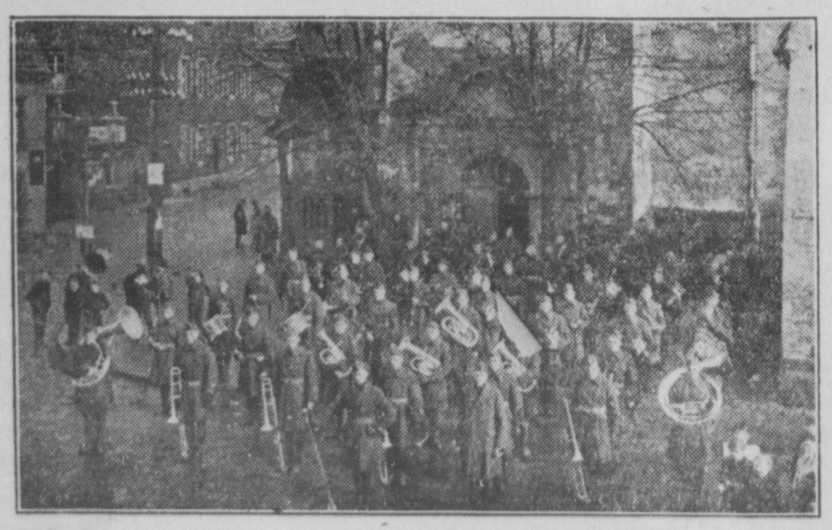

"On my last birthday, eight months ago, I had another close call. We had just finished dinner. My stomach began to hurt me, a minute later I lay unconscious. Three doctors worked on me. I was soaked with a cold sweat when I came to. The next week, telling a friend about it and he advised trying Mayr's Wonderful Remedy. Since taking a course of your medicine I have been able to eat anything. I have no more pains or bloating and am feeling better than for ten years." It is a simple, harmless preparation that removes the catarhal mucus from the intestinal tract which and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

MORGAN'S RAINBOW DIVISION BAND

The war printed many an impression on one's remembrance, and one that will never fade is the peppery precision, life, snap and pep of the music of the Army Bands.

This Rainbow Division Band of thirty pieces, under the leadership of Lieut. L. F. Morgan, saw much overseas service and went into Germany with the American Army of Occupation. Its players wear the khaki.

Director Morgan always exercises the greatest care in the selection of the numbers in his program. While some of the most difficult standard are used, the melody is one that appeals to all, and requires no technical knowledge of music to understand or appreciate. Long waits never occur between numbers. One never knows just what to expect and never tires of the programs. Vocal and instrumental solos, brass and reed quartet combinations, novelty and descriptive selections go to make up the programs—the variety of veteran entertainers. Marion Henderson Morgans will again be the featured vocalist.

This Chautauqua headliner comes on three days—Sunday, August 13, Monday, August 14 and Thursday, August 17. While in Illinois it plays several of the best Independent Chautauquas.

Generally a musical attraction of the magnitude and cost of this famous band fills the program for the days on which it appears. However it will appear with headline platform speakers on each day. John G. Benson, noted New York preacher on Sunday, the 13th, M. H. Lichliter on Monday the 14th and William L. Stidger on Thursday the 17th. No better programs could be arranged than those for these three days.

They alone are easily worth the price of a season ticket and there are seven other days with just as fine programs.

Jacksonville Chautauqua, Friday, August 11, to Sunday, August 20

MRS. JAMES HUTCHES IS HOSTESS TO CLUB

Entertained Household Science Club at Country Home—Other Interesting Chapin News.

Chapin, Aug. 3—Mrs. James Hutches assisted by her daughter Miss Edna Hutches very pleasantly entertained the Chapin Household Science Club at their Country home Wednesday afternoon, August 2. Twelve members and four guests were present. Mrs. Hubbard, a sister of Mrs. Alpha Anderson was an out of town guest. Mrs. W. W. Anderson the club president, the roll call found humorous stories given in response. Miss Helen Markham accompanying Miss Edna Hutches sang a number of beautiful selections. Miss Mary Black gave an unusual interesting paper on Switzerland. Mrs. Muntwanably led the round table on Frozen Foods. This is a very interesting club and the papers and round tables at all times well prepared, and the club members find something enjoyable at every meeting. In the closing hour the hostess served pineapple ice, cake, iced tea, mints and candy. The next meeting will be with Mrs. B. J. Taylor, August 22nd.

Mr. and Mrs Frank Anderson of Carbondale are expected Thursday noon to make a visit with the former's parents, Mr. and Mrs. W. W. Anderson. It has been some time since they were here and Frank's friends will indeed be glad to see them.

Mr. Charles Thomason was in Decatur Wednesday on business.

Mr. and Mrs. B. J. Taylor and sons George Sterling and Alden Robert expect to leave Friday morning in their car for Des Moines, Ia., to visit Mrs. Taylor's sister, Mrs. I. Lamar Hallowell. They expect to be gone a few days. Mrs. Hallowell and son Lamar, Jr., will return with them to make several weeks visit at Mrs. Taylor's home.

Mrs. E. T. Antrobus enjoyed a days visit with her daughter, Mrs. Sead of Griggsville.

C. F. Duckett and wife were business callers in Jacksonville Wednesday afternoon. Their granddaughter Marcelere Berry of Detroit, Mich., is here to spend the remainder of the school vacation with her grand parents.

HOME FROM THE NAVY

C. T. Thompson has returned from a service of two years in the navy. He served on four different vessels, saw many ports in South America, also the Panama Canal, Cuba and various other places of interest. He also studied radio and comes back with much added knowledge, an honorable discharge, and what is better yet, while in the city of Brotherly Love, Philadelphia, he wooed and won Miss Beatrice Brummett and is now ready for the battle of life. At present he and his wife are staying with his mother, Mrs. Howard Smith, 728 North East street. He looks as if nautical life well agreed with him.

HAS BUILT FINE SLEEPING TENT

John Kastrup of 810 South West street has recently completed the building of a fine sleeping tent. Mr. Kastrup is a good mechanic and made the frame of his tent and put on the canvas covering. The tent has screened siding and screen door. For stormy weather he has made sliding frames which are easily put in place to keep out the rain. Mr. Kastrup says he is willing to match his tent against any in the city for convenience, comfort and stability.

CATHOLIC PICNIC AT MURRAYVILLE

The Catholics of Murrayville will give an all day picnic at the town park on Tuesday, Aug. 22.

Six years have elapsed since their last picnic. In the past these picnics have drawn record crowds, people coming from every direction in central Illinois.

This year they will serve burgoo soup (as it was originally made), chicken fry, the best band music that can be procured. Ball game, athletic sports, contests. There will be a variety of booths dislaying novelties, etc., forms of merriment for both old and young.

From the enthusiasm displayed by the community this promises to be one of the greatest picnics ever held in Murrayville, and Murrayville is noted thruout the central west for its picnics and the sociability and whole heartedness it extends to its guests.

Make your plans so that you will be in Murrayville on August 2. It is a treat you owe yourself, members of your family and your friends. Good roads from every direction leading to Murrayville. Remember Aug. 22, will be a gala day for Murrayville and Morgan county.

AUTO TRAVELERS

Rev. H. A. Little and family of Augusta drove into the city yesterday in their well stocked auto having been leisurely traveling thru various parts of the state and to other territory in search of health and recreation which they surely found. They camped by the way and had a fine time.
